

**The industry leader in quality, reliable,  
US-made generic liquid unit-dose medicines**

## **Corporate Profile**

Among North America's leaders in innovation, quality, safety and reliability, Pharmaceutical Associates, Inc. manufactures and markets generic oral liquid pharmaceuticals in the USA. As the #1 manufacturer in the industry, PAI has been at the forefront of producing high-demand, as well as hard-to-find, oral suspensions, solutions, elixirs, syrups and liquids for over 50 years.

PAI offers the largest portfolio of over 70 prescription and over-the-counter products to meet the needs of those patients requiring oral liquid medications, such as children and the growing elderly population. Our core product categories include analgesic pain relief, cough/cold and allergies, digestive and metabolic health, neurological disorders and mental health, including unique single-sourced products.

One of PAI's core strengths is an expanding product line of unit dose offerings for individual dispensing. As the first independent manufacturer to develop vertically integrated liquid unit dose packaging, it is no surprise that PAI holds the #1 position in the liquid unit dose market.

We are continuously working to bring new products and ready-to-use unit-dose packaging to market.

**PAI has expansive capacity and has built a reputation for reliability of supply and commitment to FDA compliance.**

**#1 leader** in generic liquid  
unit-dose medications

**70+**  
Rx and OTC products

**Proudly manufactured in the USA  
in over 300,000 square-feet  
of state-of-the-art CGMP facilities**
